

## MESSAGE FROM THE BOARD OF TRUSTEES

August 14, 2013

Dear Homeowner,

Due to the strong winds and rain on August 13, 2013, trash bags and recyclables were blown throughout the community, in many cases blocking the street storm drains, which could have led to more serious issues for Heatherwood. Fortunately, the storm drains were cleared by a volunteer during the thunder and lightning storm. At this juncture, we thought it appropriate to remind all homeowners of their individual responsibility in properly securing and disposing trash.

### Governing Document Rules & Regulations

All trash shall be placed in a **sealed** trash can (before being placed at curbside). This will help eliminate odors and avoid any possible disturbance from animals and further avoid loose trash from blowing throughout the community. Any **excess** trash shall be placed in heavy tie bags. Exception: Recyclable cans are uncovered.

In accordance with Township ordinances trash shall not be placed at the curb before 6:00 p.m. on the day preceding trash pick-up. **Excess** trash in heavy duty tie bags can only be placed at the curb on the day of trash pick-up.

Please refer to Exhibit E – Rules & Regulations – Section B.

Thank you for your cooperation.

Sincerely,  
THE BOARD OF TRUSTEES
