**JANUARY 16, 2018**

## **SNOW REMOVAL PRIORITY LIST**

In anticipation of the winter snow storms, we must update our list of Heatherwood residents who have serious medical conditions that require them to leave their homes on a regular basis. Our snow removal contractor will be instructed that these designated homes are to be cleared prior to beginning snow removal for the entire community.

Please note that this instruction has been given for the past several years and should not be considered a guarantee. While we wish to accommodate as many residents as possible who have health issues, it is necessary to keep the number on the list to a minimum.

The application for the Heatherwood Snow Removal Priority List is attached. Please complete the form and mail it to:
